Welcome to the Spring 2022 Conference of CRCEA. The host county representatives from the Retired Employees Association of Orange County (REAOC) have been planning this event for well over a year and have a terrific conference ready to go. As you are aware, this will be the first virtual CRCEA Conference ever! We are looking forward to this format and we hope all of the attendees will enjoy this format.

As expected, there will be sessions of serious importance, there will be sessions of general interest, and there will be interactive sessions to give and receive ideas that will hopefully help your local association.

But our time together will not be just business. Although REAOC is holding a virtual conference, they plan to have fun at a “virtual happy hour” at the end of the first day of business. This time will be a perfect opportunity to socialize, network and relax with your peers and friends while listening to the music provided by Jerry McFarland, a terrific singer and entertainer. REAOC is hopeful that you will all sing along! And, yes, there will be raffle prizes at the happy hour as well as during the conference!

With serious business and general information on our agenda, I anticipate a conference that will not put anyone to sleep. However, we must ensure that all items get handled, so I will keep the agenda going and, along with the host committee, to ensure that the Spring 2022 Conference will be what each of you expected it to be.

On behalf of all the CRCEA Officers, I welcome you to Orange County.

Fraternally,

E. F. “Skip” Murphy, President
